

**R.M. of Browning No. 34**

**Pipeline Parallel to Road**

**Policy No. 500-4**

**March 5, 2012**

Subject:	Pipeline Parallel to Road
Type:	Oil and Related
Authority:	Approved by Council: March 5, 2012

**Regulate the Distance that a Pipeline  
Must be Located When Paralleling a Road Allowance**

The Rural Municipality of Browning No. 34 agrees to allow pipelines to parallel roads on the following conditions:

1. On developed roads the pipeline must be located 100 ft. from the road allowance and 5 ft. below ditch bottom.
2. On undeveloped roads the pipeline must be located 100 ft. from the road allowance and 8 ft. below natural ground level.
